

Southern Cross Harness Club – Club Info for ACDS Vic Branch web site

- Southern Cross Harness Club (SCHC) specializes in pleasure driving in natural environments in the South Gippsland area, mainly in the vicinity of Won Wron-Woodside, but also have outings in places as far as Stratford, Rosedale and Fish Creek. Terrain varies from flat to steep. We drive through a range of bush habitats, plantations, the beach and quiet country roads. Most equines in the Club are unshod, with hoof boots being used when we drive on gravel or bitumen. Drives cover up to 35km.
- The Club normally meets on the 3rd Sunday of the month, but dates can be varied to suit members or rescheduled due to weather.
- From November to June, the Club commonly holds weekend camps. Sometimes camps are held outside of these months. Equines are kept overnight on hi-line tethers or in portable yards. If not camping by a dam, someone will be organized to bring an equine water supply.
- Equines attending the Club include horses, ponies (all sizes), mules and donkeys in harness. We drive with singles and pairs. Sometimes riders accompany us.
- Dogs are most welcome to be brought along to Club events provided they are kept under control and not allowed to bother other dogs or any equines.
- The Club occasionally combines with the Eastern Vic Pleasure Harness Club for activities. Some members attend events at both Clubs.
- We are a small, friendly and non-competitive Club. We love our equines, our canines and being outdoors together. If you'd like to visit or join us, please contact the Club Secretary, Fiona Mottram on 0447 343 665 or email honkydonkherd@gmail.com
